Call For Special Session

International Conference on Artificial Intelligence, Blockchain, Computing and Security (ICABCS 2023) Organizing Committee invites proposals for Special Session. Special sessions complement the regular technical program by emphasising new and emerging research areas or innovative applications of established approaches. A special session idea needs to be current and interesting.

We welcome special sessions in all related fields, although we are especially interested in specialised research areas, particularly those connected to the conference's innovative themes.

Industry personals are welcome to participate in a special session proposal and will be given positive consideration when the proposal is evaluated.

Conditions / Instructions for Proposal Submission

1. The proposed special session should give an overview of the state-of-the-art highlighting important research directions in the domain/areas of special interest to ICABCS 2023 participants.
2. Each organized session should have a **minimum of 10 papers** that will not be subject to the regular review cycle, the session organizers have full authority in soliciting and accepting papers for the session.
3. Special Session submission link will be created in **submission link of the conference**. For paper submission this process will be followed.
<https://cmt3.research.microsoft.com/ICABCS2023/Submission/Index> , go to **create new submission**, then select your **special session** name in the track.
4. Each accepted session after the fulfilment of Point no. 2, shall present a summary report to ICABCS 2023, including the plagiarism report of every accepted manuscript.
5. There should be at least one session organizer and one session chair of special session.
6. The details of both the organizer and chair should be given in the proposal.

Kindly submit your proposal to the conference chair at icabcs2023@gmail.com
